

200	<b>METHODS</b>	217	..Crimper or curler
201	.Artificial hair structure making or attaching	218	..Including cosmetic applicator (e.g., mascara applier)
202	.Hair treatment by application of specific chemical composition	219	.Comb
203	..For deformation, setting or holding (e.g., curling or waving)	101	..Hat anchoring
204	...Relaxing or reducing agent followed by fixing or neutralizing agent (e.g., "permanent")	102	..With mirror
205	....Including specified treatment interval	103	...On teeth guard or sheath
206	...And application of heat	104	..With manicure device
207	...And use of specific device	105	..With false hair attached
208	..Dyeing or bleaching	106	..With back mounted foundation frame
209	..Plural separately applied or supplied named compositions	107	..With annular row of teeth
210	.Hair deformation or set (e.g., curling, waving)	108	..With hair contacting absorbent web, cord, or pad
211	..And application of heat	109	...In contact with tooth
57.1	<b>HAT FASTENING DEVICE</b>	110	....At juncture with back
58	.Chin or back head strap or band	111	.....In aperture through tooth
59	.Head clamping	112	..With orifice for applying fluent material
60	.Hair carried	113	...In tubular tooth
61	.Cord or loop with hairpin	114	....At tooth tip
62	.Rotary hooks or spirals	115	.....Flow restrictor through orifice
63.1	..Includes pivotally mounted hair engaging element	116	...Between teeth
64.1	..And similar opposed element linked therewith	117	..With removable heat storing means
65.1	..Includes slidably guided hair engaging element	118	..With heater
66.1	..And similar opposed or skewed element linked therewith	119	..With teeth cleaner
68.1	..Having pointed tip (e.g., attached pin)	119.1	..Motor driven
69.1	...And tip holding or protecting means	120	..With brush or bristles
71.1	...And position holding means for element	121	...Teeth sheathed in brush back or handle
72.1	..Includes holding or protecting means for tip of hair engaging element	122	..With winding mandrel
212	<b>HAIR DEVICE</b>	123	...Comb retractable into mandrel
213	.Dressing or cutting guide or gauge	124	..With hair smoothing bar or pin
213.1	..Including comb or means to mount comb	125	..With deposit or collection groove
214	..Trim gauge or guide	126	..Plural combs or spaced tooth rows
215	.Mustache	127	...With intermediate retainer tongue
216	.Eyelash or eyebrow	128	...Spaced spring or strand connectors
		129	...Swingably or slidably connected
		130	....On head receiving band
		131	....By parallel links
		132	....Pivoted end on end
		133	.....Opposite ends interlock
		134	.....Pivoted axis parallel to teeth
		135	....Longitudinal pivot
		136	....Back sliding along back

137	...Transversely staggered teeth	233	....Including heat storage means heated prior to application
138	...Intermeshing teeth		
139	...Oppositely directed rows	234	.....And pivoted hair fastening jaw or clip
140	...Offset or twisted back		
141	...Longitudinally spaced rows	235	....Having end outlet for hair
142	...Side by side or parallel rows	236	....Including hair clamp spaced laterally from mandrel (e.g., scalp protector)
143	..With teeth guard or sheath		
144	..With hair engaging retainer member	237	...Rotatable form or mandrel
145	...Pivoted on comb	238	....Including motor or mechanical rotating means
146	..With attaching clasp or loop		
147	..With storage cavity in back	239	....Including clutch or ratchet
148	..Combined	240	.....And spaced scalp protector
149	..With finger hole or recess	241	....And laterally spaced clamp or pad (e.g., scalp protector)
150	..With projecting handle		
151	..Rotatable or pivoted teeth	242	....Including means to accomodate separable curl retainer (e.g., bobby pin)
152	..Separably mounted teeth		
153	...On tie rod through stack	243	...Having scalp protector
154	...In back apertures	244	....Laterally spaced clamp having pivoted jaws
155	..Channel encased back		
156	..With teeth spreadable by flexing back	245	...Hair retained
157	..Constriction in kerf	246	....Including bendable wire fastener, form, or mandrel
158	..Back beveled or rounded between teeth	247	....Pliant form or mandrel having connectable ends
159	..Rounded teeth tips	248	....Including string or elastic band fastener
160	..Bent or slanted teeth		
161	..With long and short teeth	249	.....And discrete clasp or pivoted mandrel portions
162	..Layered or coated		
163	..Compositions and materials	250	.....Cylindrical or hollow form or mandrel
220	..Having heat generating composition	251	....And separable fastener
221	..Having hair treating composition	252	.....Circumferential clamp
222	..Flexible wrap for curl	253	....Including pliant fastener or connection to mandrel
223	..Having hair shaping surface or form (e.g., crimper or curler)	254	....Including relatively movable hair fastener attached to form or mandrel
224	..Having cooperating crimping jaws		
225	...Including plural grooved jaw	255	.....Pivoted to form or mandrel
226	..Having winding form or mandrel (e.g., curler)	256	.....Plural pivoted fasteners or fastener sections
227	...With heater, fluid supply, or surrounding fluid housing	257	.....Including pivoted bail
228	....Including fluid supply or inlet for introducing fluid (e.g., steam) into surrounding housing	258	.....Pivoted bail
		259	.....Including retaining clasp
229	....Electrical heater	260	....Including retaining clasp
230	....Having end outlet for hair	261	....Plural forms or mandrels
231	.....Separable squeeze-open clip	262	....Having peripheral projections
232	.....And transversely pivoted jaw for clamping hair to mandrel (e.g., curling iron)	263	...Having pivoted hair clamping jaw or plural pivoted mandrels
		264	...Having means to accomodate separable curl retainer (e.g., bobby pin)

265	...Having movable or collapsible handle or mandrel sections	286	<b>TOILET KIT</b>
266	...Including relatively movable hair contacting element (e.g., curl ejector winder)	287	.Having sliding drawer
267	...Including end plate	288	.Illuminated
268	...Including grooved form or mandrel surface (e.g., spiral rib)	289	.Shaving
269	..Having electrical heater	290	..Having brush and soap receptacle or receiver
270	..Including means to isolate or part a tress of hair for chemical treatment (e.g., frosting cap or purse)	291	..Having mirror
271	.Electrical appliance or attachment (e.g., hair styler or attachment)	292	..Having blade conditioning means
272	..Including liquid or vapor reservoir or outlet	293	.Powder box and applicator (e.g., compact)
273	.Hair fastener	294	..Combined, or having plural cosmetic or applicator compartments or receivers
274	..Hairnet or cage	295	...Pivoted compartments or receivers
275	..Ornament holding (e.g., bow or ribbon)	296	....And mirror pivoted between covers
276	..Clip or hairpin	297	...Including compartment or receiver for stick applicator (e.g., lipstick)
277	...Squeeze-open clip	298	..Having powder dispenser
278	...Including retaining clasp (e.g., barrette)	299	...Including discharge assistant
279	....Pivoted arms	300	..Having plural closures
280	...Hairpin having plural prongs (e.g., bobby pin)	301	..Having mirror
281	....And third prong, discrete retainer, or opener	302	...And wiper for mirror
282	.....Pivoted or sliding	303	...And cake holding, mounting, or ejecting means
283	....Crossed prongs	304	...Particular mirror mounting
284	....Contacting prongs	305	....Circular powder box
53	.Hair structures	306	...And powder sifter
54	..Foundation frames	307	..Having powder sifter
55	...Rolls or rats	308	.Including toothbrush
56	..Making	309	..And pick, scraper, floss, or mirror
73	<b>NAIL DEVICE (E.G., MANICURING IMPLEMENT)</b>	310	..Plural toothbrushes or receivers therefor
73.5	.Combined	311	..Having receptacle in toothbrush handle
73.6	..With motor	312	.Having flexible carrying case
74.5	..With fluent material feed	313	.Including brush
75	..With storage cavity	314	.Having plural compartments or receivers
75.3	.Compound tools	315	..In case having hinged or pivoted closure
75.4	..With cutter	316	.Including mirror
75.5	...Plural cooperating blade	317	.Including cosmetic applicator
75.6	..With abrader, file or buffer	318	..Stick applicator
75.8	.Driven type	319	<b>TEMPLATE OR MASK</b>
76.2	.Folding, retractable or sheathed tool	320	<b>SHAPED COSMETIC APPLIER</b>
76.4	.Abrader, file or buffer	321	<b>TOOTHPICK</b>
76.5	..With separable holder	322	.And motor driven mechanism or fluid applicator
285	.Template or mask	323	.Having thread holder (e.g., flossing implement)

- 324 ..And container or support for  
thread supply
- 325 ...Including rotatably mounted  
thread spool
- 326 ...Including relatively movable  
thread clamping surfaces
- 327 ..Including relatively movable  
thread clamping surfaces
- 328 .Folded or housed in tool handle
- 329 .Having specified shape
- 330 **SPREADER OR MANIPULATOR FOR HAIR  
FASTENER (E.G., BOBBY PIN  
OPENER)**
- 331 .Body worn
- 332 .Including dispenser or ejector
